

Get free Trade-Me Cards at
WONDERLENS.com

**Cards YOU build and
YOU CUSTOMIZE.**

How?

**Just cut out each card.
Fold in half.**

**Write your custom message
on the blank side (inside)
and "lock" the card
by fitting the paper tab
into the side slot.**

What's My Message?

That's up to you!

Give yourself a nickname.

**Maybe add the name of
your town or school.**

**Trade-Me Cards tell you the
history of where the card has
been and who's owned it.**

**Don't write your full name or
address & don't give out
TOO MUCH personal info!
You don't want those pesky
aliens dropping by uninvited!**

**Now comes the fun part!
As you win, lose & trade cards,
your message travels with it!**

**Each new card you win
holds a message from
somebody else!**

**When you win a new card,
open it up, check out the
message. Then add you own!
You never know what planet
your Trade-Me Card
will wind up on!**
