"Just what the heck IS the SURPRISE in the Chef's Surprise?!"
 Answer: you DON'T want to know!

Peanut Butter & Jellyjumper Sandwich Surprise
 Ingredients:
 Two slices of bread
 Chunky style peanut butter
 One Jellyjumper - haha - just kidding! Use your favorite kind of jelly and
 Fresh seedless grapes
 Spread peanut butter onto bread. Spread jelly next. Add grapes and top with second slice of bread. Moosh the top bread down a bit so the grapes make lumps. Tell your friends you're eating an eyeball sandwich! yummmmm.

Macaroni & Moon Cheese
 Of course, we ALL know the Moon is NOT made of cheese. But try telling that to the giant Cheese Creatures who live on the Moons of Macaronia!
cheesy alien goodness:
 Prepare macaroni & cheese however you do on Earth. Now tear long strips of string cheese so they look like tentacles. Add sliced olives to look like suckers, or use whole olives for yummy eyeballs. Arrange your tentacles so they look like they're crawling out of the macaroni.
